How to measure up a hinged security door.

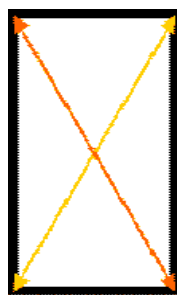

Stand on the outside of the door entrance facing the door jamb and follow the steps below to measure up.  
 Please forward the tight sizes to T&N Maintenance we will make the deduction for your doors to fit.

We suggest you print this sheet with your correct measurements and fax it to 03 9307 7800 or scan and email: [tony@vichardware.com](mailto:tony@vichardware.com)

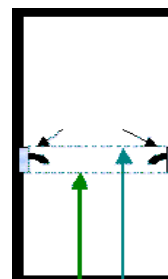

[Contact Us](#)

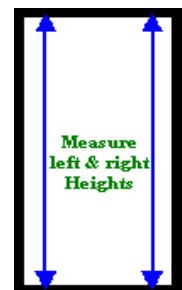

Measure top, middle & bottom widths.

Measure diagonals

Measure the height of existing lock on the timber door then add 4" or 100mm for clearance. Indicate where the lock has to go left or right

Measure left & right heights.

Disclaimer: You are responsible for all the measurements you submit to T&N Maintenance. If the measurements you have provided are incorrect any alterations will incur a cost and will be passed on to you as the customer. Please make sure that all the sizes are correct.

T&N Maintenance will not arrange transport therefore we are not liable for any goods damaged in transit however

we can arrange for delivery if you live within our service coverage area [Learn More>>>](#)
